CITYLIFEBOOKS

Crit, by Andrew Kiraly, is a raucous story about rock 'n' roll, Las Vegas, shoplifting and awful lounge singers. It also features some of the greatest band names to ever grace the pages of a novel, from Nunpuncher to Sacrificious to, well, ones we can't even print here.

Now's *your* chance to get in on the fun. Got a great imaginary band name? Send it to us. The winner gets dinner and drinks with author Andrew Kiraly. The winning band name will also be featured in the novel *Crit*.
